

# Colourways

One stop shop for specialist interiors

# Welcome

Colourways features in the Pinders  
Health Care Design Awards 2006  
Specialist Care section.

Colourways is a one-stop shop for specialised interiors, providing furniture, household equipment and soft furnishings for residential homes. Colourways is an award winning company working in the private sector, for the NHS and for local authorities, delivering throughout the UK. We are happy to provide furniture and furnishings ranging from individual items through to complete homes.

Colourways provides a new concept in design for the contract market, achieving a fine balance between a homely hotel style look, whilst ensuring a safe, robust and fit for purpose environment. In accordance with NHS guidelines all our upholstered furniture is fire retardant to crib source 5. Curtains, bedding and soft furnishing are not only flame retardant, but are carefully colour coordinated to ensure that all important individuality. We believe attention to detail is paramount as first impressions are important.

Our friendly and approachable team have spent years working in a 'hands on' capacity with various client groups; from severely physically disabled with complex medical needs through to people whose behaviour can challenge even the most specialist provider.

**Your first impression will make a lasting impression...**

**Fiona Heinson**

## Whatever you are seeking, Colourways Ltd can help...

If you don't find what you are looking for in this brochure CONTACT US we will be happy to take time to discuss your needs. We recognise that every customer is individual. Allow our experience to work for YOU.

# Beech Living Range

Our beech range creates a totally fresh and modern look. It is manufactured in carefully selected beech timbers and constructed to a high standard with dovetailed drawers. The products within this stylish lounge and dining range produce an attractive range of options that will modernise any living environment.

Please contact Colourways for information about other pieces in this range.

# Pine Living Range

This collection is made of solid pine a timeless, versatile timber, with the option of a straight or cut out plinth.

Whether you require a modern or classic look, all items in this range are available in a selection of nine different colour stains. Or can be spray painted green, blue or pink if you would like an individual appearance.

All the furniture in this range is finished with a protective lacquer and in order to protect the top further the dining tables are treated with an acid cat treatment as standard.

We offer a range of different dining tables to suit all needs. If you see a table you like but need it in a different size please just ring.

## Special Requests:

- We can make the tables a different height to accommodate wheel chairs
- We can also cut out dining table plinths to allow easy access to wheel chairs
- Chairs can be fitted with skis
- Stools available to match the chairs of your choice
- A selection of different handles are available for this range

# Residential Bedroom Range

Our residential bedroom range has been carefully selected in four very different designs to provide a homely feel whilst at the same time meeting the needs for long life, durability and value for money.

Shown below are the Alpha, Milton, Lancombe and Forest ranges:

The **Alpha** range is designed to provide a collection of versatile pieces in four different colours. The bold moulding manufactured in MDF on all doors and drawers provide a traditional cottage appearance manufactured to a high quality, which is, finished with solid wooden knobs, 170 degree metal hinges and chrome hanging rails.

## The Forest range has been designed to the following specifications:

- 18mm MFC carcass throughout
- 18mm door and drawer fronts melamine faced MDF
- All chest/desk tops 25mm thickness
- 170 degree all metal hinges
- 4 sided drawer boxes
- 3mm PVC impact-resistant edging available in matching or contrasting colours
- No handles – well designed cut-outs

The success of this range to date is seen in universities and colleges.

The **Milton** and **Lancombe** ranges offer alternative door designs with matching melamine carcasses. Milton doors are 'shaker' style, whilst Lancombe are routed and contoured. Both ranges are available in Maple or Golden Beech.

- Draws can be added to most bases
- Deep based divan beds are supplied as standard, however, bed bases can be supplied with legs, please call for details
- Fully waterproof mattress available

## Special Features

One of the most difficult tasks for us is to provide furniture that is homely in appearance and yet will stand up to some abuse. No furniture is totally indestructible if someone has a mind to break it but our furniture will give the home a fighting chance.

### Practical & Durable

As standard, curtains are made from FR fabrics with a Velcro tab top so that if someone is a bit heavy handed the curtain will release easily from the pole, leaving the pole and wall intact therefore reducing maintenance costs.

We are regularly asked to provide polycarbonate for use as non breakable mirrors and in picture frames as protection instead of glass.

### Additional Features

We are happy to provide wardrobes with an additional rail as pictured so that clothes can be reached from a wheel chair. Sofas can be built with ground clearance so that a hoist can be used under them; please speak to Colourways for expert advice.

### Specialised Solutions

Dining room tables are often not the correct height to seat dining and wheel chairs. We feel that dining is a very social occasion and it is important that all eating feel comfortable and included so we are able to offer two solutions.

The furniture manufacturer we use, on request, will make the table up with a lip of the table cut out so that wheel chairs and dining chairs will both fit under. The alternative is to provide a height adjustable table, which can be set accordingly. We are often asked to provide chairs with skis so that people can be assisted up to the table as the skis will run across the floor.

## Special Features

### Furniture That Lasts

There is often a need to board the sofas with ply board and this is very effective in prolonging the life of sofas and chairs. All sofas are to crib 5 and can be fitted with fixed waterproof or removable washable covers.

Very occasionally we are asked to produce sofas and chairs that can be inspected underneath for sharps or other substances for this end we have developed a sofa with Perspex fixed to the base.

### Safety

We are regularly asked to provide polycarbonate in items such as TV cabinets, non breakable mirrors and in picture frames as protection instead of glass.

### Reducing the Risk

For the more severely challenging or mental health units there are often concerns around ligature points. In these instances we would recommend the use of anti ligature handles on furniture and magnetic fixings for curtain tracks, shower heads, wardrobe poles etc.

In these instances furniture is generally fitted with security screw fixings and 270 degree hinges.

# Strengthened and Specialised Furniture

Colourways offers you a range of furniture, which is specifically designed to meet the needs of demanding environments. High quality materials and construction features provide greater strength and durability than conventional mass-produced furniture: Genuine cost-effectiveness is achieved through a long useful life, backed by after-sales support for effective maintenance. Component parts such as drawers can be replaced if broken. The straightforward style of this furniture is made with hardwearing wipe clean melamine-faced mdf and is offered in a wide choice of colours and wood grain effects to help you create the perfect surroundings for your home.

(H: 1775 W: 800 D: 610mm)

Also available as single.

Shown with optional sloping top box.

## Beds

### Single Bed Base and Headboard

(H: 330 W: 976 D: 2000mm)

To suit mattress 3' wide (ordered separately).

This single bed base has a wipe clean melamine faced panel combined with solid beech hardwood legs and headboard frame. Sturdy mortice and tenoned framing supports 28mm thick pine slats securely fixed with snub-nosed screws. Headboards bolt right through the legs.

### Blocked Base Bed and Headboard

(H: 330 W: 976 D: 2000)

To suit mattress 3' wide (ordered separately).

The Blocked Base bed can easily be fixed to the floor and with a solid base it can withstand severe use while still offering the domestic appeal of our range of colours or wood grains. The Blocked Base can also be made in wider sizes if required.

# Made-to-measure Curtains

Colourways are able to provide a wide range of made to measure curtains, velcro nets, soft furnishings. All fabrics are inherently fire retardant and conform to BS5867 part 2.

Curtains are available with a variety of headings, Velcro tab tops being our speciality. Carers and maintenance alike favour these as they can be easily re-hung without any damage to the plaster or paint work.

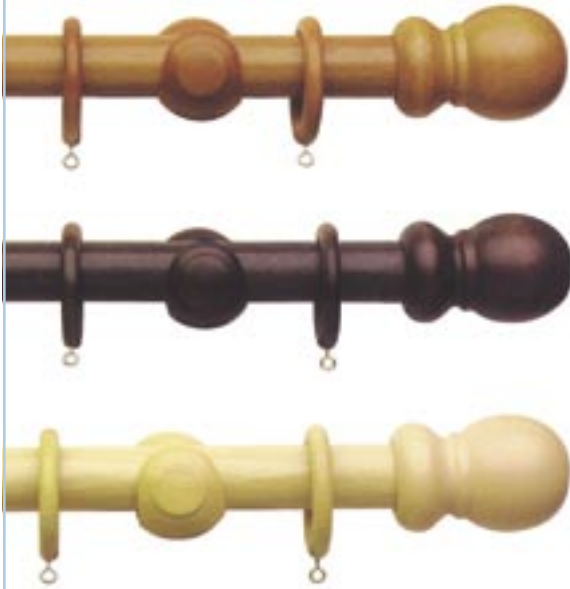

We can provide matching bedding, cushions even items such as bumper covers, bolster cushions and valances for high low beds.

To complete the job we have a range of poles and track that can be supplied alongside your curtains, we can even arrange fitting and hanging if you require.

It is often difficult to see exactly what the design or colour will look like, so please call or E-mail for a free fabric sample.

## Accessories

### Classic Wood 35mm Poles

For details and sizes available, please see price list.

### Metal curtain tracks

Suitable for all weights of curtains.  
Easy to bend, to fit bays of all shapes and sizes.

### How to measure

Use a metal tape for accuracy.

All measurements must be given in metric to the nearest whole cm.

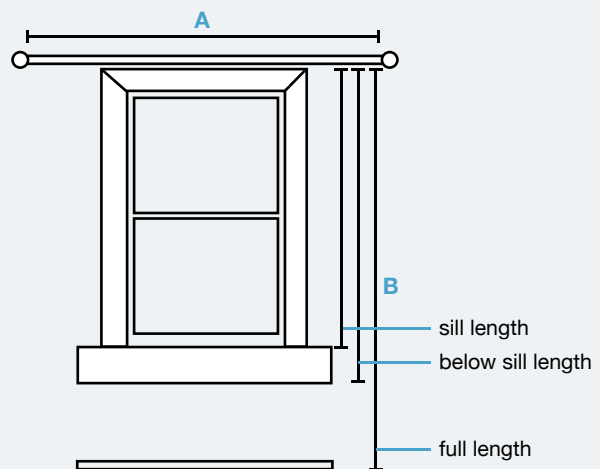

We strongly recommend that you install your track or pole before measuring.

#### Curtain width (measurement A):

Measure the track (end to end) or pole (between finials) NOT the window.

#### Curtain drop (measurement B):

Measure from the top of track or from bottom of curtain rings to desired length.

## Fabric Selection & Bedding

Our curtain and bedding patterns are grouped into 6 colour ranges. Once you have chosen your colour we can provide samples and suggestions from our exciting range of patterns, a selection of which can be seen on our website, [www.colourwaysltd.com](http://www.colourwaysltd.com)
